Ref. No. 5907

## BEFORE YOU BEGIN.

Please read the manual carefully before assembling. Separate the necessary parts in the order of assembly indicated in the manual. There are serial numbers on the frame to which the parts are attached. Use these numbers to check the parts and assemble them carefully consulting the assembly drawings.

Separate the parts from the plastic frame by carefully twisting them off. Clean up the part by removing any flash with fine sandpaper.

\* If you wish to paint your Zoid, we advise the use of water-based paints for reasons of safety.

## AVANT DE COMMENCER.

Ne pas découper les pièces avant d'avoir bien étudié chaque illustration. Avant de découper, identifier chaque numéro de pièce (situé sur le cadre) avec le numéro correspondant de chaque schéma. Tout d'abord, avec des ciseaux à bouts ronds, découper au fur et à mesure les pièces du cadre. Enlever l'excès de plastique là où la pièce a été coupée du cadre. Assembler le Zoid pièce par pièce. Elles s'emboîtent, pas besoin de colle. Lorsque le Zoid est assemblé, simplement pousser l'interrupteur pour l'actionner.

\* Si vous désirez peindre votre Zoid nous vous conseillons d'utiliser une peinture à l'eau.
